

ODP-81-1744
23 December 1981

MEMORANDUM FOR: Acting Deputy Director for Administration

FROM: Bruce T. Johnson
Director of Data Processing

SUBJECT: ODP Report for Week Ending 22 December 1981

Support to OP

PERHOSP (Personnel Hospitalization Insurance System). The first Hospital Master file created out of the new system, to be processed in pay period 1, has been processed successfully in the PAYROLL system. This completes the interface from PERINSUR to PAYROLL and next week we will receive transactions from PAYROLL to PERINSUR which will complete the interface both ways.

Support to OF

FRS and ZBB (Financial Resources System and Zero Based Budgeting). Proposed changes to the FRS and ZBB system required to meet new methods of project tracking have been discussed with the Comptroller. Changes are required for Program Call FY 84 as well as FY 85 and FY 86. Requirements for FY 84 have yet to be completely defined.

Word Processing RFP

Forty-six vendor questions have been answered and forwarded to OL/PD. To date, 12 vendors have expressed interest in bidding.

New Computer Still Under Test

Development and testing continued through the past week on the new IBM 3081 Processor. IBM conducted two training sessions for the Operations, System Programming, and Engineering Divisions.

Significant Event During the Coming Week

On 5-6 January 1982, [redacted] SAFE COTR, will visit the SAFE Development Facility in Torrance, California with the DIA Vice Director for Foreign Intelligence, [redacted] and the Vice Assistant Director for Resources and Systems, [redacted]. The purpose of the visit is to discuss DIA-specific SAFE issues.
